KERBAL SPACE PROGRAM is the best freeware simulator of space flight.. to start with, downloading and installing the Kerbal Space Program on your.Siege of Oban (1580) The Siege of Oban was the final, and decisive, battle of the two-year siege of the Lowlands of Scotland's so-called 'Mighty Five' of 1580-81. Oban was the principal base of the Macleans of Duart Castle, a cadet branch of the Scottish royal family, until a feud was formed between the Macleans and the earls of Huntly and Erroll, as a result of which Oban and other strongholds were seized by the earls in late 1578. In 1580 the Macleans, then under the nominal overlordship of James Stewart, Earl of Moray, attempted to recover these strongholds and eventually regained Oban. Moray engaged the two earls, as well as the Lord Lovat and Baron of Airth, in a decisive battle at Dunstaffnage, seven miles south of Oban, on 3 June 1580. The battle was a tactical victory for Moray who captured Lovat and Airth, as well as capturing the two earls, but it was a heavy loss for the Macleans who lost more than half their number. Background Following the crushing defeat of the Clan Donald at the battle of Langside in 1568, which had put the Scottish realm under the direct control of James VI and I, an almost total rupture of traditional Highland politics resulted in the Highlands remaining isolated from the rest of the kingdom and the Lowlands of Scotland effectively reduced to a backwater. In 1581
